Gap Cover 2019

For all medical aid members that face the problem of increasing self-payment gaps, we have the solution.

THE PROBLEM

All medical aid members face the problem that surgeons, anaesthetists and other specialists frequently charge more than the amount covered by the medical aid.

When this occurs, the medical aid member becomes liable to pay for the medical expense shortfall (self-payment gap).

The table below contains some common procedures that incur medical expense shortfalls. Listed too are the Rand amounts that are not covered by the medical aid and would ordinarily require payment by the member. These amounts are based on actual Gap Cover claims paid in 2018.

Examples of medical procedures that are frequently not covered in full by medical aids	Examples of medical expense shortfalls paid by Zestlife Gap Cover in 2018.
Natural Childbirth	R 17 421
Caesarean Section Childbirth	R 26 828
Tonsillectomy	R 7 594
Hernia Repair	R 32 237
Breast Cancer Surgery	R 73 863
Knee Replacement Surgery	R 49 016
Hip Replacement Surgery	R 73 964
Spinal Surgery	R140 745
Cancer Treatment	R108 816
Heart Surgery	R149 913

The continued growth in the self-payment gap means that medical aids now pay less than half of the average total specialist fees, leaving members to pay the shortfall.

The graph below shows how the self-payment gap has grown since 2006 and how this trend is expected to continue into the future.

THE SOLUTION

Medical aid members can insure themselves against medical expense shortfalls with Zestlife's comprehensive Gap Cover options.

Zestlife Universal Gap Cover offers the most comprehensive medical expense shortfall cover along with extensive financial protection against a wide range of health risks.

Zestlife Essential Gap Cover offers affordable cover for the most frequent medical expense shortfalls, along with additional financial protection for selected health risks.

Both of these options are available to main members and dependants of all South African registered medical aids.

The cover offered by these policies can be further enhanced with our Extended Cancer, Extended Dentistry and/or Medical Premium Waiver Cover.

Please note: Gap Cover is not a medical aid or a substitute for medical aid. It's a health insurance policy that provides cover for medical expense shortfalls that arise when your medical aid only covers your medical treatment and procedure costs in part. To qualify for this cover the medical aid's part payment must be paid from the medical aid hospital benefit or major medical benefit. To assist you in choosing the Gap Cover option that best suits your needs please study the benefits summary. For further assistance and expert advice, please contact Zestlife or your Zestlife appointed Financial Advisor.
